

LOCAL STUDENTS SELECTED FOR \$14,000 GOLDEN LEAF FOUNDATION SCHOLARSHIPS

ROCKY MOUNT, N.C., (June 12, 2025) - Today, the Golden LEAF Foundation announced that 215 rural North Carolina students were selected to receive up to a \$14,000 Golden LEAF Scholarship, including eight in Lenoir County.

High school seniors entering college as first year students are eligible for a \$3,500 scholarship each year for up to four years of undergraduate study at a participating four-year North Carolina college or university. Community college transfer students are eligible for \$3,500 a year for up to three years of undergraduate study.

Recipients from rural or economically distressed North Carolina counties are selected based on future career goals and an expressed intent to contribute to the state's rural communities upon graduation from college.

The Golden LEAF Foundation established the Golden LEAF Scholarship Program to broaden educational opportunities and provide support to students from rural counties with the goal that recipients will return and contribute to rural communities after graduation. The North Carolina State Education Assistance Authority (NCSEAA) administers the program and selects students for awards.

"We are proud to award scholarships to students who have deep connections to their rural communities," said Scott T. Hamilton, Golden LEAF President, Chief Executive Officer. "These recipients were selected from nearly 1,600 applicants. We look forward to their future accomplishments as they continue their education and become North Carolina's next generation of rural leaders."

Scholarship recipients may also apply for the Golden LEAF Rural Internship Initiative. The Rural Internship Initiative provides Golden LEAF Scholars with professional work experience related to their career field in a rural North Carolina community. The Golden LEAF Foundation provides funding to pay interns \$18 per hour for up to 400 hours of work. Internships take place between May and August.

"I offer my sincere congratulations to these exceptional students for earning the Golden LEAF Scholarship," said Senator Bob Brinson. "Your hard work has paid off, and I have no doubt it will yield benefits for years to come. You certainly make our rural communities proud and show that our future is in good hands."

"I am thrilled to congratulate the exceptional students from NC House District 12 selected as this year's Golden LEAF Scholars," said Representative Chris Humphrey. "The Golden LEAF Foundation's investment ensures our young people are equipped with the skills and experiences necessary to drive economic and community growth. Our past Golden LEAF Scholars from District 12 have excelled in fields such as engineering, business, entrepreneurship, and government affairs, showcasing our

district's incredible potential. I am confident these talented students will significantly contribute to our rural areas, creating a prosperous future for North Carolina."
